Online Tutorials at "Niche Academy"

The Friends of Huntington Memorial Library have set up an online training tool that will teach you how to use library apps, desktop publishing software (Word, Excel, PowerPoint, etc.) and social media platforms (Facebook, Twitter, Zoom, etc.). There is a General Internet Help folder for the basics, a Career Assistance folder and a "How to Spot a Fraud" tutorial. This tool is a great way to learn at your own speed and keep up with new technology. Tutorials will be added regularly. To access the link, go to the Huntington library website: www.hmloneonta.org and click on the link to "Niche Academy"
